Welcome to Eastham

In his book, "The Outermost House", Henry Beston described his feelings about our town when he wrote: "Outermost cliff and solitary dune, the plane of the ocean and the far bright rims of the world; meadow land, and marsh, and ancient moor; this is Eastham; this is the Outer Cape". So you too can stand on the "solitary dune", and gaze across to "the far bright rims of the world". Those of us who call Eastham our home, welcome you, our visitors, and hope that you too can enjoy Eastham as we do and as Henry Beston did.

For your information about Eastham. It was settled by a handful of people from Plymouth in 1644 and incorporated in 1651. At this time Eastham included the areas now covered by the present towns of Orleans, Brewster, Harwich, parts of Chatham and Wellfleet. From the solitary dunes on the ocean side to the flat bayside . . . a distance of three miles across . . . it covers an area of a little more than 14 miles. It has a population of 3,466 by the 1980 U.S. census count, and like all towns on the Cape it has a town meeting form of government, with elected Selectmen (three) at the helm. The Fiscal 1981 tax rate was set at \$14.20 per thousand; a grand list of \$177,292,520 total assessment, which produced in revenue to the town, a total of \$2,818,951.00.

CAPE COD RECIPES

Cranberry Salad

Quahog Cakes

Chop or grind 6 large quahogs. Add 1 egg, 1 teaspoon minced onion, ½ teaspoon salt, pepper and enough cracker crumbs to hold together (not too dry).

Put spoonsful in hot greased skillet and flatten into cakes. Brown well on both sides.

Quahog Chowder

Cut 1½ inch cube fat salt pork in small pieces and try out.

Add 4 cups potatoes, cut in ¾ inch cubes, and 2½ cups hot water, 1 teaspoon salt, ¼ teaspoon pepper and 6 to 8 large quahogs, chopped fine.

Cook about 15 minutes. Add 4 tablespoons butter and 4 cups scalded milk.

A little of the juice from the quahogs may be added if desired.

Quahog Pie

Combine 2 cups chopped quahogs, ¼ cup quahog liquor, I tablespoon melted butter, ½ cup cracker crumbs, 1 beaten egg, 1 cup milk, salt and pepper.

SALT POND 1983

The science of increasing the productivity of the waters is called aquaculture. Today's efforts are based on only limited experience. Primitive methods are used, and slow but steady progress is made toward meeting increasing demands for fish and shellfish resources. Aquaculture methods have a role in both private enterprise and municipal management of fisheries. Eastham's management plan is no exception to this, and we have been able to explore some of the earliest methods for cultivating shellfish in the waters of Salt Pond and Nauset Marsh. The results of this work are daily programs of transplanting natural seed stock, predator control, and reclamation of barren flats. Perhaps you have found a quahog with a mosaic zig-zag pattern etched on the outside of the shell. This animal was probably hatchery raised and cultured in Salt Pond before being released.

If you are fortunate enough to be at Salt Pond in November, you may have harvested hatchery raised and reared oysters. Mussels, soft clams and scallops are other species that are nurtured and helped to grow in optimum conditions through the year.

The rules and regulations for harvesting shellfish together with minimum size measuring rings and permits to dig for shellfish are available at Town Hall. The times for digging at Salt Pond are listed below.

If you have questions about shellfish, a Natural Resources Officer will be happy to assist you.

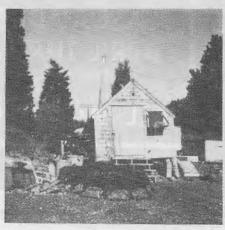

Non-commercial shellfishing on Sundays only. Sundays not listed here. The Salt Pond is open for non-commercial shellfishing all day.

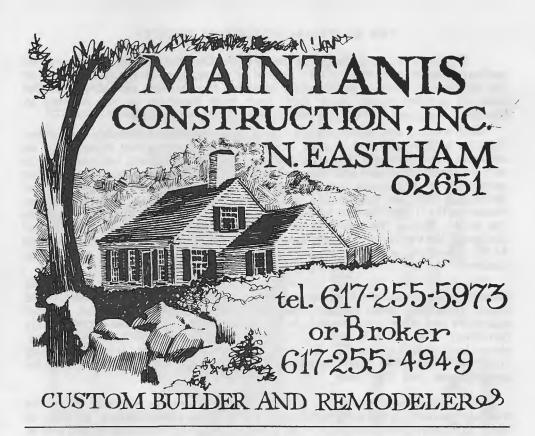

Areas in Salt Pond open only as posted at Town Landing. All other areas in Eastham open at all times between sunrise and sunset, unless otherwise posted. All sedge grass areas closed to all shellfishing.

Times listed here are Daylight Savings Time.

Limit: One LEVEŁ 10-quart pail per family per week.

THE EASTHAM HISTORICAL SOCIETY

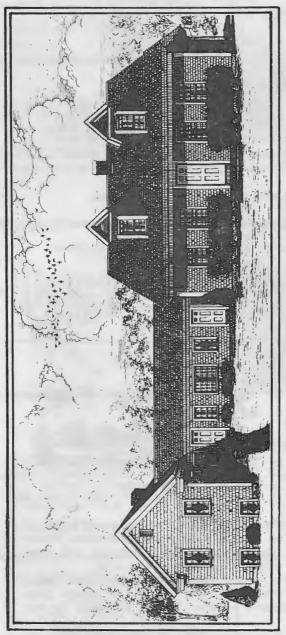

Eastham is one of the oldest towns in the Commonwealth, and among its earliest families were three 'Old Comers' or passengers on the first voyage of the Mayflower. One of its founding families, the Doanes, probably gave the town its present name, since they were from Eastham on the Mersey in Cheshire, England. There are still Doanes living there today.

With its long and varied history, it was only natural and probably inevitable, that the town would find citizens interested in preserving that history and its artifacts. The Eastham Historical Society, since its inception, has managed to acquire many important and interesting collections of memorabilia through the generosity of its citizens and members. These collections are housed in two structures that are historically important in themselves - The Swift-Daley House (c.1741) and the Old Schoolhouse (c.1869). Both buildings are open to the public during the summer months. Entrance fees are reasonable and designed for the family. Members are admitted free, and annual dues are \$2.00. The only requirement for membership is an interest in the aims of the Society.

The Swift-Daley House is located on Route 6 next to the Post Office. Its bowed roof is typical of early houses built by ship's carpenters. The wide board floors, panelling, deep kitchen fireplace, Victorian parlor fireplaces, narrow stairways and other features date to an earlier time. The house is completely furnished, and has a number of interesting collections including clothing, china, local Indian artifacts, quilts, and household equipment. It is open during July and August on Wednesdays and Fridays from 1:00 to 4:00PM or by appointment (call 255-3380).

The Schoolhouse Museum, directly across from the National Seashore Visitors' Center, is the only remaining one of three schoolhouses, all built in 1869, that served the town until 1936. The building had been abandoned and in disrepair until rescued by the Historical Society and restored through the efforts of local citizens and summer visitors. The Museum contains artifacts from various parts of the town's history; including farming, shipwrecks, the Life Saving Service, the school, and daily life in the town. Archives and oral history material are also stored here, along with Geneological pamphlets sold by the Society. Museum hours are 1:00 to 4:00PM, Monday through Friday during the summer season (July and August). The Society sponsors some summer programs, and information about them can be obtained through local newspapers and bulletin boards at the Town Hall and the Library.

A VISIT TO GIGI POTTERY IN NORTH EASTHAM

If you turn off the road on Route 6, North Eastham, at the red and yellow Pottery sign, and drive down Gigi Lane for about 100 yards, you will be richly rewarded for your adventurous spirit. You will find yourself at Gigi Pottery where you are warmly welcomed by artist-potter Bernie Epstein, who is also part philosopher, teacher, chemist, geologist, and friend. Bernie will invite you to look around, touch, and ask questions. Time appears to stand still as Epstein quietly and determinedly plies his millennium-old craft in a carefree ambience of clay, utensils, pots, and glazes.

On a recent visit to Gigi Pottery, Bernie was found carefully carving imported bamboo handles for a freshly fired tea pot. Within a fewminutes a car with four children and two adults drove up to the workshop. As soon as Epstein saw the children, his eyes lit up, the pottery wheel began to spin, and a lump of clay almost magically became a graceful vase as the children watched spellbound.

A look around the pottery shop reveals a charming variety of pottery...all shapes, sizes, colors, and prices. Casseroles, mugs, honey jars, pie plates, chowder bowls, goblets, pitchers, planters, mirrors, clocks, candelabras, and sculptures artfully line the shelves, walls, and entrance way of Gigi Pottery.

Epstein explained that all of his pottery is made of either stoneware or porcelain. Porcelain is a pure white clay that has not been mixed with minerals, whereas stoneware is a variety of clay and minerals.

Epstein is especially proud of his "Chinese red" glazes for which he is well known off Cape Cod as well as on Cape.

As Epstein was explaining how he combines Nauset Beach sand and decomposed granite with his clay to obtain special effects, another car pulled up and a young couple greeted Bernie with a warm, "Hello, we have come back to see your watercolors." They walked out of the shop with their purchases of a painting and mugs, and a farewell greeting of, "See you again next year...we wouldn't leave the Cape without a visit to GigiPottery."

EASTHAM WEATHER (as compiled by Cape Cod Chamber of Comm.)

We in Eastham are fortunate regarding our weather. Situated between the Atlantic Ocean and Cape Cod Bay, the stabilizing effect of both bodies of water tend to keep Eastham cooler in the summer and warmer in the winter than the mainland, or for that matter most of the Upper Cape.

Orleans-Eastham Elks are Building

Orleans-Eastham Lodge #2572, Benevolent and Protective Order of Elks has selected an Eastham site for their lodge home .

The site, a six-acre wooded tract at McKoy Road and Route 6 (dia-

gonally opposite Sheraton Ocean Park Inn), is at the geographical center of the lodge's district, which covers the eight towns on the lower or outer Cape: Chatham, Harwich,

Brewster, Orleans, Eastham, Wellfleet, Truro and Province-

The Elks are dedicated to charity, community service, youth activities, patriotism and fraternity. The new home, when completed, is certain to be a landmark in the town and an attraction for the thousands of Elks among Cape Cod vacationers, as well as a social center for area residents.

Orleans-Eastham lodge was established in March 1978 and approached its third anniversary with more than 250 members. Nationwide, there are more than 1.6 million Elks in over 2,200 lodges in all 50 states.

The photo shows the distinctive sign the Elks have erected on Route 6 to mark their building site.

CHURCH SERVICES

More than three hundred years ago - in 1672 to be exact - Samuel Treat became the town's first minister and thundered his message of hell-fire and damnation. As a historian of the times declared: "His voice was so loud when speaking, it could be heard at a great distance from the meeting house, even in the midst of the winds that blowed over the plaines of Nauset''

Perhaps not in the thunderous tones of Mr. Treat, yet the church leaders of the preseQt preach their religious philosophies with the same zeal. The following churches are within easy traveling distances:

WHALING YESTERYEAR

Whales frequented Cape Cod Bay when the Pilgrims came and offshore whaling helped fill the pockets of Eastham farmers for many years. The bay shore of Eastham was the great whaling place of the past.

When the large whales disappeared from the bay, their kin the blackfish have stranded on Eastham's shores in large schools. These fish sometimes twenty feet long frequently commit suicide by following the smaller fish into shallow waters, where ebbing tide leaves them to gasp out their lives.

It is a problem to get rid of the dead blackfish and many times they have to be buried which is an expense to the town.

History On Stone

Frederick Harris Jewell

A stroll through Eastham's old burying grounds can be richly rewarding to historian or casual visitor, especially if they bear one of the old names to be found on the ancient stones, for some were among the first settlers in the new world.

As you come into Eastham after leaving the rotary at the end of the Mid-Cape highway, keep your eyes open for the little cemetery on the right, about half-way to the town hall. It was in this vicinity near the Cove about 1644 that the first settlers built thier homes, their 20 foot square meeting house with a thatched roof and portholes for guns, and buired their dead in the churchyard. A second meeting house replaced the first in 1676, and it was enlarged in 1700.

Samuel Treat, the town's first minister and ordained in 1672, was the Son of Governor Robert Treat of Connecticut. He died in a snow storm in 1716 at the age of 69, and was carried to his grave in this cemetery on the shoulders of his Indian friends. Somewhere in this small cemetery, are the unmarked graves of three Mayflower passengers, Constance Hopkins (1605-1677) who married Nicholas Snow (Eastham town clerk from 1646 to 1662) in 1627 and had eleven children. Giles Hopkins (1607-1690) brother of Constance, who married Catherine Wheldon in 1639 and had seven children. Lieut. Joseph Rogers (1608-1678) who married Hannah (?) and had seven children. Over the centuries the slate stones have split, the epitaphs have weathered away, but still to be read are the graves of Samuel Brown, Captain Samuel Freeman, Deacon Edward Knowles, Thomas Mulford, David Doane, Thomas Lewes, Samuel Hedge, Ebenezer Harding, John Freeman, John Knowles, Richard Sparrow, Jonathan Sparrow, Daniel Cole, Hannah Snow, Thankful Higgins, along with wives and children in some instances. There are memorial stones to John Doane and Ralph Smith. The legible stones in this cemetery date from 1706 to 1757.

The third meeting house was replaced by the fourth and last Congragational church on the main highway (now Route 6) just South of the railroad crossing. This last meeting house was sold about 1864, and only the burying ground, now known as the Congregatinal and Soldiers Cemetery remains, with still a few unsold lots. Here is to be found the stone of the Rev. Philander Shaw who was ordained in 1795 and served 42 years until 1838. Also are to be found the names of the later descendants of those in the two older burying grounds, and in addition the later names of Paine, Chase, Brackett, Hopkins, Gill, Cummings, and others. Here the stones date from about 1830 to the present.

With the passing of the Congregational church about 1864, the Methodist church was growing, for it was first organized about 1821. A larger Methodist Church was built in 1851. A larger Methodist Church was built in 1851 and this was destroyed by fire in 1920. The present evergreen cemetery grew up around the Methodist church, and is now the town's principal cemetery. Here will be found names dating from about 1821 to the present, again containing many of the old names and more and more new and later ones.

EASTHAM PUBLIC LIBRARY

Our Public Libary has one of the loveliest locations in town. It is located on Samoset Road just west of the Windmill and overlooking Long Pond. There is a convenient off-street parking area behind the library.

The original building was built in 1897 by the Village Improvement Society (which explains the inscription over the library door) and was given to the town in 1903. During 1976 the Trustees published a short history of the library, written and researched by Helen Schwind. Copies of this history are still available at the library.

Librarian Jane Eldridge and her staff are available to assist you in book selection, reference help, etc. We are fortunate to have a full time children's librarian, Marry Ann Nutting, in the summer. In addition to helping parents and children choose books, she conducts programs for a variety of ages and interests. This year, for the first time we have records and cassett/book kits in circulation. These new additions to the children's section have been very popular.

The Trustees and the librarian invite everyone to visit the Eastham Library. We are proud of our collection of books: current and older fiction and non-fiction, books about Cape Cod and by Cape authors, an outstanding geneological research section, and a rapidly growing children's collection. In addition to books, there is the unique bicentennial quilt made by ladies of Eastham, depicting traditional scenes of Eastham life.

The library! A great place to visit and use.

Nauset Light and Keeper's House

Eastham's sons, like all Cape Codders, took to the sea naturally because it lay at both their front and back doors. During the 18th century they went mostly fishing and coasting; during the 19th, especially the first half, most of the able bodied men in town went to sea, whether in foreign service, coasting, packets or fishing vessels.

While Eastham during the 18th century saw more than enough shipwrecks, the 19th century with its increase in maritime activity witnessed a far heavier toll.

Of shipwrecks on Nauset before establishment of the life saving service there is no complete record. One study, covering the seventeen years ending in 1860, showed lost at Nauset fourteen brigs, twelve schooners, six barks and three ships. Another study, of wrecks where loss of life and value of vessels was recorded, for the years 1837-60, showed thirty-one vessels, fifty-six lives and property—ships and cargoes—worth just under a million dollars!

And grief did come to Eastham homes from shipwreck at sea very often during the last century. In 1837 alone this town lost eight seamen, six of them young men who perished on St. George's Shoals. In Eastham that year there lived thirty-one widows of seamen — which fact tells its own story.

Eastham Non-Resident Taxpayers Association

Common Bond - We are a group of people who found the town of Eastham to be an excellent environment for our summer vacations. Now almost all of us have part-time homes here. WE come with our families and friends to relax and enjoy the beauty of the surf, the ponds, the beaches and the sun. Many of us dream of a time when we can stay right on after the summer ends and never go back to that busy mainland. This would permit even more enjoyment of the many available town and church sponsored activities. We are rightfully interested in conservation, preservation, and proper utilization of the area along with Town Planning, the efficiency of the Police and Fire Departments, the condition of the beaches, the water supply and the many facets of town government that affect us directly.

Purpose - Our primary objective is to work toward the betterment of the Town of Eastham. Our organization also serves in many instances as a liaison between town officials and non-resident taxpayers. We send out newsletters and hold two meetings during the summer to discuss our views with representatives of the Selectmen. Town Counsel or Finance Committee, National Seashore or a State Legislator. They are not obligated to come to our meetings, but they do so. They listen, explain, and answer questions. All members have an opportunity to participate.

Activities - Through questionnaires we poll the opinions of members. The Executive Board coordinates the requests for remedial action when required. We are making a sustained effort to allow non-resident taxpayers to vote in Eastham town affairs other than elected officials through submission of bills in the Massachusetts Legislature. If you are a property owner who pays taxes in Eastham, but is not allowed the right to vote here on town budget items, you will undoubtedly he interested in joining our association that now includes approximately half of all the non-resident property owners from 25 states, including Hawaii and Alaska, plus Quebec and Montreal.

Uniting for Strength - If you are not a member, why not join us? The more members we have, the greater our influence. We hope to enlist the entire group of more than 2,000 non-resident taxpayers in Eastham who together contribute some 70% of the town's tax revenue.

Address: If you are interested, write to Box 772, Eastham, MA. 02642.

Dues: \$3.00

Officers: President - James T. MacKenzie; Vice-President - Robert A. Denver; Secretary - Mrs. Eleanor Watson; Treasurer - O. Mason (Sam) Burrows; Resident Coordinator - Mrs. Catherine McClosky.

Meetings - Time and Place - July 9, August 27, 1982-8:00 PM., Town Hall

"The great shopping experience in New England is on Cape Cod... The place is Tree's."

DIARY OF A PROFESSIONAL SHOPPER

Tree's Tilery shows probably the largest selection of designer tiles in the USA. From Mexico, England, Holland, Italy, Israel, Japan, Portugal, America. One tile for a trivet, dozens and hundreds for a hearth, a table, a wall panel behind your kitchen range or wood stove. Four kinds of Mexican Terra Cotta in hundreds of patterns. We ship everywhere in the USA and refund in full for tiles purchased as samples, probably the only tile showroom in the USA to do so.

Please, no tears!

Newcomers sometimes cry when they visit us — they've shopped to the wall elsewhere, and here the Beautiful Things begin! M.A. Hadley and Quimper ware, a collector's showing of Russian lacquer boxes, a gallery of art and sculpture, Scottish neckware tartans, a museum shop of jewelry — all shoulder to shoulder with Tree's mind opening ceramic tile display. And whether a bronze cheese prong (\$2.50) or an heirloom quality Swiss music box (up to \$2400) nothing is "resort priced", no gifte shoppe stuffe Please, no tears — just visit Tree's first.
